

## PowerTest 2021 Announces an All-Virtual Conference with PowerTest TV

PowerTest TV will be held virtually March 8-11, 2021 with new opportunities and access from anywhere in the world

PORTAGE, Mich., Feb. 05, 2021 (GLOBE NEWSWIRE) -- [NETA](#) – the InterNational Electrical Testing Association – announces a unique user experience with the all-virtual PowerTest 2021. This year, attendees will participate in the annual PowerTest electrical maintenance and safety conference virtually through PowerTest TV. Featuring many options for on-demand content March 8-11, 2021 and offering post-conference access to registered attendees for 90 days after the show, PowerTest TV has something for everyone.

“As the premier electrical maintenance and safety conference, safety has always been at the heart of decisions about PowerTest. Our commitment to safety has compelled us to cancel the in-person PowerTest 2021 conference, and we are excited to use this unprecedented opportunity to offer attendees a new and exciting PowerTest experience through PowerTest TV,” says Scott Blizard, President of NETA.

PowerTest TV attendees can look forward to these unique opportunities:

- | Access to PowerTest TV for a full 90 days following the conference
- | Access to more than 75 NETA CTDs and 7.5 CEUs -- a 36% increase over the typically available industry credits offered at PowerTest
- | Cost savings: In 2021 PowerTest TV offers a unique opportunity to obtain more industry credits, at the lowest rates ever offered

“PowerTest is well-known for quality educational opportunities, cutting-edge technologies, and showcasing the latest industry trends. This year, PowerTest is excited to continue to meet and exceed those expectations and offer unparalleled access to industry experts and knowledge with the advancement of PowerTest TV,” says Conference Committee Chair Ron Widup of Shermco Industries.

With over 30 technical papers, 4 technical tracks, keynote presentation, panel sessions, expanded-learning seminars, an industry exposition, live participant Q&A sessions, and many more exciting enhancements, PowerTest TV promises the high-powered learning resources attendees have come to expect from NETA’s PowerTest electrical maintenance and safety conference.
