NETA's Book of the Month: Discounted Pricing on Real-World Training and Solutions for Challenges Electrical Power Systems Professionals Encounter in the Field Every Day

NETA offers special pricing on its Series I and Series II Handbooks, a library of information that details a decade of electrical power systems commissioning, acceptance testing, and maintenance trends.

Portage, Michigan, December 14, 2016 – NETA, the InterNational Electrical Testing Association, is offering real-world training tools for electrical engineers, field technicians, and electrical power systems contractors at special discounts through December 31, 2016. NETA Series I and Series II Handbooks are just \$10 each, and buying three handbooks earns a fourth one for free.

NETA Handbooks are a collection of over 200 of the best articles published in past issues of the highly respected *NETA World Journal*, as well as the most-well-received technical presentations from PowerTest conferences. The Handbooks deliver the most comprehensive and relevant information available, including testing procedures, troubleshooting, and real-life solutions encountered in the field every day. The Handbooks are component-specific, technical resources suitable for training and reference purposes.

NETA Book of the Month sponsors include Ampteks, CBS, ArcSafe, CBS Circuit Breaker Analyzer, Intellirent, IRISS, Megger Distributor Group, Raytech, Shermco Industries, SMC International, Tony Demaria Electric, and Vacuum Interrupters.

Series I includes:

- Arc-Flash
- Circuit Breakers
- Insulation Oils
- IR Scanning
- Online Diagnostics
- Protective Relays
- Transformers

Series II includes:

- Arc-Flash
- Circuit Breakers
- Grounding Systems
- Insulation Oils
- Maintenance
- Online Diagnostics
- Protective Relays
- Safety
- Transformers

Call 888-300-6382 (NETA) to place your order by December 31, 2016 to receive the discount. For more details on the Handbooks, visit www.netaworld.org, click on the Bookstore tab, and select Series I and Series II Handbooks.

ABOUT NETA

NETA is an ANSI Accredited Standards Developing Organization that creates and maintains standards for electrical maintenance and acceptance testing for electrical power equipment and systems, as well as a standard that addresses the certification of electrical testing technicians. NETA is an association of leading electrical testing companies comprised of visionaries committed to advancing the industry standards for power system installation and maintenance to ensure the highest level of reliability and safety.
